PUBLIC COMMENT

All schools in Encinitas Union School District work closely with their School Site Council and staff in developing a plan of action for the current school year. The focus is to maintain and/or raise the academic performance of students and improve the schools' educational program. Principals from each of the District's nine schools presented their performance targets for 2014 - 2015. Board members dialogued with principals for greater clarity of the development of their Single Plans for Student Achievement (SPSAs). At the regularly scheduled board meeting on December 9, 2014, the SPSAs will be submitted for approval by the Board of Trustees.
